I hereby authorize the above work to be done along with the use of any necessary materials. I agree that Redhead Equipment ("RE") may access and utilize any electronic data stored or available on the machine including remote access, for the purpose of diagnosing, repairing, or servicing the machine or its components. RE will not be responsible for any costs incurred resulting from software updates and/or diagnostics to a modified system. RE and its employees may operate the above machine for the purposes of inspection, testing or delivery at my sole risk. I agree to pay cash prior to redelivery of the machine or on terms satisfactory to RE until paid in full. Registration of a commercial lien is acknowledged on the above machine to secure the amount of repairs thereto. It is understood that RE assumes no responsibility for loss or damage by theft or fire to any machine placed with them for storage, sale, repair or while field testing. Special order and electrical parts are not returnable. Any stocking parts returned after 30 days will be subject to a 15% restocking charge. RE cannot accept any part returns on weekends or after hours. Part returns are not accepted after one year from the original invoice date. All part returns require the original invoice and packaging. No title passes on purchased machines until the applicable invoice is paid in full. 2% per month will be charged on all overdue accounts (24% per annum). Parts & Service are net 30 days. Whole goods and rental payments are due on delivery.

TOP SPROCKET

CAUSE:

top sprocket had lots of wear need to be replaced

CORRECTION:

removed cover over top sprocket

inspected top sprocket

it was hook bad

removed feeder floor

removed feeder chain

loosened off gear box

removed both side shield over drive shaft

installed longer studs into gear box to slide it out farther

removed dust cap on bearing

removed 6 nuts holding bearing

removed bolt that bearing runs on

removed striper plates

removed top sprocket

installed new bearing

installed new top sprocket

installed new striper plates

pushed the gear box back in to place

connected the drive shaft back to get her

installed the covers over the drive shaft

installed the feeder chain

installed the feeder floor

I hereby authorize the above work to be done along with the use of any necessary materials. I agree that Redhead Equipment ("RE") may access and utilize any electronic data stored or available on the machine including remote access, for the purpose of diagnosing, repairing, or servicing the machine or its components. RE will not be responsible for any costs incurred resulting from software updates and/or diagnostics to a modified system. RE and its employees may operate the above machine for the purposes of inspection, testing or delivery at my sole risk. I agree to pay cash prior to redelivery of the machine or on terms satisfactory to RE until paid in full. Registration of a commercial lien is acknowledged on the above machine to secure the amount of repairs thereto. It is understood that RE assumes no responsibility for loss or damage by theft or fire to any machine placed with them for storage, sale, repair or while field testing. Special order and electrical parts are not returnable. Any stocking parts returned after 30 days will be subject to a 15% restocking charge. RE cannot accept any part returns on weekends or after hours. Part returns are not accepted after one year from the original invoice date. All part returns require the original invoice and packaging. No title passes on purchased machines until the applicable invoice is paid in full. 2% per month will be charged on all overdue accounts (24% per annum). Parts & Service are net 30 days. Whole goods and rental payments are due on delivery.

WELD AUGER HOUSING CRACKED AND BROKEN ABOVE SPOUT

CAUSE:

- Auger tubing end must have been unfolded into something
- Entire end of the auger tubing is shifted over to the inside of the combine
- Crack going around the inside half of the auger tubing
- Small crack along the outside of the auger tubing

CORRECTION:

- Remove the hose clamp from the auger spout
- Remove the bolts that hold the auger spout on the topside
- Pull spout off the end of the auger tubing
- Remove the folding flap/bottom end of the auger tubing
- Remove the paint off the weld area
- Tack and beat the crack into place using the heat of the weld to my advantage
- Clamp and pull the auger tubing until the crack lines up and can be clamped flush
- Straighten out the auger tubing using two hammers to remove any big dents and bows in the surface
- Once tacked and straightened out weld the crack from the inside and the outside
- Grind off the majority of the weld to make it as flush as possible
- Repeat steps for the crack on the other side of the auger

CONTINUED ON PAGE 16

I hereby authorize the above work to be done along with the use of any necessary materials. I agree that Redhead Equipment ("RE") may access and utilize any electronic data stored or available on the machine including remote access, for the purpose of diagnosing, repairing, or servicing the machine or its components. RE will not be responsible for any costs incurred resulting from software updates and/or diagnostics to a modified system. RE and its employees may operate the above machine for the purposes of inspection, testing or delivery at my sole risk. I agree to pay cash prior to redelivery of the machine or on terms satisfactory to RE until paid in full. Registration of a commercial lien is acknowledged on the above machine to secure the amount of repairs thereto. It is understood that RE assumes no responsibility for loss or damage by theft or fire to any machine placed with them for storage, sale, repair or while field testing. Special order and electrical parts are not returnable. Any stocking parts returned after 30 days will be subject to a 15% restocking charge. RE cannot accept any part returns on weekends or after hours. Part returns are not accepted after one year from the original invoice date. All part returns require the original invoice and packaging. No title passes on purchased machines until the applicable invoice is paid in full. 2% per month will be charged on all overdue accounts (24% per annum). Parts & Service are net 30 days. Whole goods and rental payments are due on delivery.
